ALL-STATE REFLECTION

1. Describe in as much detail as possible how the audition transpired chronologically. (What was the order of events? What words did the judge use to instruct you on each step? Did the judge peer over your shoulder? How was the room set up? How did the judge use the metronome prior to scales? Did the judge instruct you on the order of scales? Etc.)
2. What personal practice strategies were most successful for you?
3. In what ways can you make your practice more effective for the next audition?
